How do I Apply?

Applications may be downloaded from the NIDC website, or pick one up at the NIDC offices located at 809 North Broadway, 3rd Floor. To make the process faster, include a bid from a licensed contractor.

Finding a Good Contractor

You may use any contractor as long as the company is licensed and qualified to do the work. NIDC encourages you to use City of Milwaukee-based contractors and/or contractors who are certified Emerging Business Enterprises (EBE's). A list of licensed Home Improvement contractors may be found at www.city.milwaukee.gov/license. EBE contractors are listed at:

www.city.milwaukee.gov/EmergingBusinessEnte1389.htm

Other good sources can be friends and relatives, or the telephone directory. It is always a good idea to get more than one quote, and to get references from the contractors.

In Order to Qualify

You must own and occupy the home, and the work must be an eligible item listed on the left.

You must also be current with your mortgage and with City of Milwaukee property tax payments.

There is no minimum credit score, but generally you must be credit-worthy, have a history of making payments on time, and be able to afford a monthly payment of at least \$50.
